TRBSL Oversight Committee
Nominations Statement

Benchmark Administrators are required to establish and maintain an effective oversight function to ensure oversight of material aspects of the provision of their benchmarks. Thomson Reuters Benchmark Services Limited (‘TRBSL’) has established a number of Oversight Committees in order to fulfill this requirement. The overarching role of an Oversight Committee (“OC”) is to provide independent challenge and advice to the Administrator Executive on salient matters aligned to the ongoing governance, enhancement, and functioning of the benchmark.

Each Oversight Committee adheres to the TRBSL OC Terms of Reference which outlines the oversight function responsibilities.

The composition of an Oversight Committee is in accordance with the relevant obligations of the European Union (‘EU’) Benchmark Regulation (‘BMR’) and the criticality of the benchmarks. An Oversight Committee comprises of members who have been nominated by the Administrator CEO and approved by a simple majority vote of the TRBSL Board of Directors. TRBSL focuses on 3 main pillars of nomination criteria to evaluate members composing a Benchmark Oversight Committee – 1) Experience, 2) Fit & Proper, 3) Conflict of Interest, and an additional evaluation to determine whether potential members can meet the time commitments required, taking into account their role in any other oversight function.

All actual or perceived conflicts of interest must be disclosed by the prospective member to TRSBL, in accordance with the TRBSL Conflicts of Interest Policy. Persons directly involved in the provision of the benchmark may be an observer of the OC but shall not be a member.

Oversight Committee members are required to execute a letter of appointment prior to serving on the Committee. The letter of appointment prescribes the term of membership on the Oversight Committee. However it should be noted that members’ appointment can be terminated at the discretion of the member or TRBSL.

Details of the membership of the benchmark oversight committee(s) may be made public along with any declarations of any conflict of interest, where relevant and required.
